Don't fool yourself!

Since halitosis never announces itself to the victim, you simply cannot know when you have it. Halitosis makes you unpopular with children. Some parents blame every thing but halitosis (unpleasant breath) when children are not affectionate. As a matter of fact, halitosis is often the cause.

Halitosis makes you unpopular with children

Some parents blame every thing but halitosis (unpleasant breath) when children are not affectionate. As a matter of fact, halitosis is often the cause. Don't fool yourself that you are free of it, because it is simply impossible to tell when you have it. It doesn't announce itself to the victim. Eliminate the risk entirely by using full strength Listerine every day, morning and night. And between times, before meeting others.

ITS VIGOR AND HEALTH APPEAL TO SPORTSMEN THE WORLD OVER

1 The very foundation of "Canada Dry" is "Liquid Ginger"—which is made from selected Jamaica ginger root by a special process. 2 This process is exclusively controlled by us and, unlike any other method, retains for "Canada Dry" all of the original aroma, flavor and natural essence of the ginger root. 3 Therefore, this fine old ginger ale has basic excellence, a quality exclusive to "Canada Dry" and the property of the makers of this ginger ale.

AUDITOR REFUSES TO PAY \$130 EXPENSES

Bill Presented by Disposal Plant Superintendent at Convention.

City Auditor J. L. Landis has refused to pay a bill for \$130 presented by Floyd G. Browne, superintendent of the city sewage disposal plant, for expenses of attending a convention and exhibiting machinery in Trenton, N. J., last week.

The bill of \$130 covers Browne's expenses, including traveling, meals, lodging, and a room for March 25 to 26, when the convention was held.

That the city is not allowed to pay expenses of its officials to conventions, other than those for the city health commission, is one of the provisions of the auditor's bill. Browne and his subordinates are to pay for their expenses. Browne's bill is carefully itemized and Pullman fare to Trenton is listed at \$29.25, with eight meals, the value amount for return fare. Lunches range from \$1.25 to \$1.50 each, lunches slightly less. Taxi fares total slightly more than \$4. Hotel rooms cost from \$2.75 to \$5.40 per night.

City council has taken no official action to sanction Browne's attending the convention and exhibiting the machinery. While on the trip, Browne went to Atlantic City to inspect a plant there, his expense account shows.

COMPANY D GETS HIGHEST RATING

Regimental Commander Commends Officers and Men of Local O. N. G. Unit.

The report from the war department concerning the recent inspection of Company D, a local unit of Ohio National Guard, gives the company the highest possible rating. The company received 10 "very satisfactory" and three "satisfactory" marks. There were no "unsatisfactory" marks against them. A notation from the commanding officer stated that if it were possible to have given a higher rating they would have done so. Col. Robert Haubrich, commander of the regiment, has sent a communication to the local commander commending the officers and men of the company for the excellent record made. He states that it is one of the finest companies in the O. N. G.

TO BUY OHIO COAL

Marion Schools To Use State Fuel If It Is Good.

The Marion board of education will buy Ohio-mined coal if it is the best coal that can be obtained for the money. Superintendent of Schools George A. Bowman said today.

Bowman's statement followed the receipt of a letter mailed all Ohio school superintendents by John L. Clifton, state director of education, who urged them to purchase Ohio-mined coal as a means of improving employment conditions within the state.

Clifton pointed out the advantage of lower freight rates that Ohio coal has on fuel brought in from the outside.

Commissioners Hear Two Ditch Petitions

Hearing on the petition for the Lee ditch improvement in Silt Rock township was held by county commissioners this morning in their office in the courthouse. George E. Fiedler and others are the petitioners.

A continued hearing on the petition for improvement of the Fox ditch in Chardon township was held by commissioners this afternoon.

OPERA TO BE GIVEN OVER

Popular Demand Causes Extra Performance of "Hansel and Gretel."

Demand for tickets for "Hansel and Gretel" has presented such a problem at Central Junior High school as to result in the performance of the opera at 7:30 o'clock to night.

This afternoon more than 500 people from the public and private schools, local and distant, were singing by members of the American Opera Co.

"Hansel and Gretel" has been a number one success since its opening on the night of March 15, 1929, and the ticket sale has far exceeded the sale for the other two numbers. The story of "Hansel and Gretel" is a story of a boy and a girl who were taken into a witch's house and lived in a gingerbread house, and then they were taken out.

These were a large number of adult tickets sold for the performance in Marion. Their admissions will be taken tonight.

patented device which, for the first
time, makes it possible for an elec-
tric motor to duplicate the gentle
hand washing motion of the
Hand Washing Method.

Study the three illustrations
above. They tell the
story of the advantages of the
FLOATING AGITATOR,
which washes the NATU-
RAL way—in the down, up
and side motions at the top of the

tub, away from the dirt, which settles
to the bottom.

Voss Washers, also, have every
other worth-while feature of the mod-
ern washer. Ball-bearing roller wringers,
porcelain enamel tubs, re-
versible mechanism running
in all both, specially de-
signed motor, etc.

SHOWERS PREDICTED FOR MARION TONIGHT

Cloudy Weather To Follow
Rain; Fair Friday Is
Forecast.

Marion may get a taste of the showers which are due to sweep the southeast and eastern section of the state tonight, the weather forecaster today said. Cloudy weather will follow the rain.

Fair, with not much change in temperature, is the forecast for Friday. Yesterday the mercury varied between a high of 52 degrees and a low of 33 degrees, the first time in several days for the temperature to remain above the freezing mark for 24 hours. A year ago the high was 71, the low 37.

Juvenile Delinquency To Go to Court Jury

Release on his own recognizance was given Charles Stolzenbach, of Lima, yesterday when he pleaded not guilty in probate court to a charge of contributing to the delinquency of a 14-year-old Marion girl.

Judge Oscar Gast set Friday, April 11, at 9 o'clock as the date for the trial, which will be held before a jury. The jury was to be drawn today.

Commission Considering Waldo-Prospect Line

Decision on a petition of the Columbus, Delaware & Marion Electric Co. for a bus line between Waldo and Prospect is in the hands of the state public utilities commission, following a hearing given the petition Tuesday.

The line would be a "feeder" for the company's interurban route which goes through Prospect, according to J. C. Stang, president.

RICHMAN BROTHERS

ANNOUNCE THE OPENING OF
THEIR NEW MARION STORE

167 West Center Street
Saturday, April 5TH

ESTABLISHED
1879

We are moving from the location where we have been in business for many years to this new store, which provides larger quarters and better facilities for serving old friends and new. We will be ready to welcome you in our new store early Saturday morning. Come in and see the big stock of new spring suits and topcoats our factories have shipped us for this occasion.

To see Richman Brothers Clothes is worth more than all the words and pictures we could use to visualize their merits... they tell their own story of smartness and quality... of value.

The greatest showing of new suits and topcoats ever assembled at one price... the smartest styles, fabrics and colors to be found anywhere this spring are now presented for your approval and selection.

Suits in new single and double-breasted styles... in worsteds, tweeds, twists and cassimeres... the newest shades and mixtures of gray, brown and blue.

Topcoats in single and double-breasted box, or Raglan models... llama wool, tweeds, chevots and gabardines... soft shades of gray, tan and blue, and colorful mixtures.

Smartly styled, beautifully tailored and perfectly fitted, these suits and topcoats have the appearance, and will give the service, of very costly clothes... they are made of the identical fabrics others sell at \$50 to \$60.

They are priced at \$22.50 only because you buy direct from the world's largest manufacturers, and save the middleman's profit.

We want you to see Richman Brothers Clothes... judge them by your own standards of quality and value. Whether you buy, or merely come to see what's new in styles for men, you will be treated with traditional Richman courtesy.

Stout or thin, short or tall, we can fit you perfectly. Our immense stock and complete range of sizes give every man assurance of correct fit in a pleasing choice of materials.

WE MAKE ANY ALTERATIONS DESIRED, WITHOUT CHARGE

THE 1930 SPRING DRIVE

Helping Sightless Child.

By ROYAL S. COPELAND, M. D.

There is something most appealing to the sympathies in thought of the blind child. There is a new number of these children in the world. Such a child needs every loving thought and practical effort in its behalf that can be bestowed upon it.

The New York Association for the Blind is an organization that has recently taken up education for the children of blind children who are in the kindergarten department of the association. Many of the suggestions given there may be of inestimable value to hundreds of other mothers of the blind.

It was found that unwise home treatment of such children resulted in making much of the good which the children had learned in the association kindergarten. Mothers who take instruction at the association are training their children at home along the lines outlined.

Many blind children are left in ill-health at home a great part of the time. This is wrong. Such a child should be taught many of the helpful duties about the home. They should be made self-reliant.

There are endless things a child may learn to do. In the first place, he should be taught to walk at the normal walking pace. Of course, a blind child has an instinctive fear to overcome, but this can be done through patience in the training.

Blindness is not accepted as a handicap at the New York Association of the Blind. They build on the theory that blind children should be treated the same as children who have their eyesight. The children are encouraged to take part in the running and playing games used in all kindergartens. As early as possible a child should put body and mind into action.

Children should be discouraged about sitting alone and in idleness. They should be encouraged to play with other children who have their sight. In short, they should not be treated other than as normal children.

Children are adaptable. A child is easily shown how to take part in some home duties, and made to believe that he can do them as well as any one else. The child can learn how to shell peas and beans, peel potatoes, wash dishes, help with the laundry, and feed the animals on the farm.

There are out-of-door games for children which they would do well to learn for every child should be outdoors as much as possible. Tug-of-war in the garden under mother's supervision would be an ideal pursuit for the small boy who can feel but not see.

In the New York Association for the Blind the children who have no sight even learn to use roller skates. Out on the open road they learn how to take part in some home duties, and made to believe that he can do them as well as any one else.

Editorial Opinion.

THAT LOST FEELING.

The brief panic to which Admiral Byrd's husky comrades confessed when they encountered streets and traffic again, after their life in Antarctica, will be familiar to every one who has ever quitted a hospital or who, after many years away, has come to a town. It is the disorientation, imperious, dwarfing magnitude of civilization and its urban roar—more terrifying to some than the howling wilderness. It is a snubbing general preoccupation which makes the newcomer more lonely than did solitude.

To combat a bumping crowd after long seclusion is always shocking. One can not believe that crowds and traffic used to be like that! There seems to be no place in all this for a returned exile, no mercy for a convalescent. Everything has become overwhelming and daunting—the buildings, the cars, the bewildering signs—and the presence of so many indifferent strangers gives a peculiar effect of hostility. The arrival from the hospital or the bad lands is smitten by a seared homesickness for the desolation he has left, which, by comparison with these bustling motes, seems kindly and considerate of their frail thingness. The doubtless being, if he has ever been shut in for a long time, remembers how enormous, powerful and harmless the city loomed when, emerging, he first tried to cross a street.

And so sometimes explorers return to the wastes, patients to sanatoriums, trappers to their cabins and freed men to prison, not because they must, but because, in Antarctica, or a little room, one is protected from gigantic monsters like towns. New York Herald Tribune.

LABOR'S DICTATION.

President Hoover, as generally is admitted, has been rather a good friend to organized labor. It scarcely is within the bounds of probability that he would do anything inimical to labor's interests. But the American Federation of Labor does not appear to trust him.

Just a few days ago President Hoover appointed to serve as associate justice on the supreme court bench of the United States Federal Judge John J. Parker, of North Carolina. The labor organization will protest Judge Parker's confirmation, because he at one time decided a case not to its liking. Hence, by indirect action at least, it assumes to dictate who shall or shall not serve on the bench of the nation's highest tribunal.

Irrespective of the wisdom, justice or unrighteousness of the decision complained of, there is the suggestion of impertinence in this protest. It is one more effort in the direction of group dictation. Nothing appears to show that Judge Parker otherwise is unfit to serve as a magistrate of the supreme court. So far as can be at present known, his record for probity and honesty and citizenship is not called into question.

This no longer is America if places of great public trust may be filled only by serfless agreeable to groups of the citizenship. It is to be hoped that the senate, by prompt confirmation of the president's choice in this instance, will prove to the country that the day of trucking to the demands of minorities and groups approaches its end.

It is unthinkable that the true interests of labor could be endangered by any man appointed to the supreme bench by President Hoover.—Cincinnati Enquirer.

Dinner Stories.

A certain clergyman, noted for his activities as a temperance advocate, is at present the laughing-stock of his village. The Sunday-school children were singing "Little drops of water, little grains of sand." "Come now," said the clergyman, "Try it again. Now, that. 'Little drops of water'—and for heaven's sake put some spirit into it!"

"How is it he never takes you to the theater any more?" "Well, one evening it rained and we sat in the parlor."

"Why can't a modern girl blush, Harold?" "Cause what?" "Cause what?" "Cause what?"

DEMOCRATS ASSAIL REPUBLICAN RULE

White, Durbin, Myers, Truax Speakers at Jefferson Day Rally

By The Associated Press
MOUNT VERNON, O., April 1.—Former Congressman George White, of Marietta, candidate for the Democratic gubernatorial nomination, continued his attacks on Governor Myers' administration at a Jefferson day rally here last night.

White charged that Governor Myers had wrecked the budget system established by former Governor James M. Cox and that the Republican administration is spending \$2,000,000 more annually than past.

Other speakers included Dr. W. O. Thompson, president of the Ohio State Teachers' Association, and Dr. J. O. Leamon, president of the Ohio State Teachers' Association.

The rally was held at the Mount Vernon Hotel and was attended by a large number of people.

The program was arranged by a committee headed by John George F. Arps, of the college of education at Ohio State.

Vegetable and Flower Seeds

We test seeds of all kinds in our greenhouses and we are sure they will grow.

All flower and vegetable seeds are in bulk and you get more and better seeds by purchasing seeds in bulk that have really been tested.

LAWN GRASS SEED
50c and 55c lb.

All seeds used in our lawn mixtures are bought separate so that we know that they are not mixed with weed and poor grass seed.

You can buy them separate and mix them yourself or we will give you the amount of each kind we think best for your lawn and mix it for you.

PANSY PLANTS
50c Doz.

It is time to plant pansies. You get the largest and best blossoms during the spring months. Freezing will not damage them as they are grown without heat.

Here's how the people have
judged this question of

VALUE

IN the tire business, as in any other, production has a direct relation to costs.

It happens that Goodyear builds millions more tires than any other manufacturer, which ought to mean something to the man who buys tires.

We think it does: "More people ride on Goodyear Tires than on any other kind!"

We think this single towering fact — not to be overridden by any sales argument, however in-

genious—says all that needs be said of Goodyear quality, Goodyear service, Goodyear price.

The next time you need a tire, and seek the most you can get for your money, remember how the people have judged this question of value.

The simplest and safest advice, is for you to do what an overwhelming percentage of your fellow-motorists are doing — go straight to the nearest Goodyear dealer!

Selecting the Casket
THE casket is, ordinarily, the largest single item of expense in the cost of a funeral. Probably no other purchase involving a like sum of money must be decided on in so short a period of time.

There are many different types of caskets, made from many different materials. Many different manufacturers make them. They sell at many different prices. To purchase a casket so high in price that it will mean future denial to widow, children or other heirs is misguided sentimentality. On the other hand, there is a certain standard of living to which each is accustomed. To fall below this—unless for urgent need of economy—is just as deplorable as the other extreme.

ELECT OFFICERS IN Y. M. C. A. TONIGHT

Dinner Meeting at 6:30; Each Team Allowed Two Votes; All Invited.

TODAY ends the reign of the 1929 recreational baseball commission. Tomorrow will begin the dynasty of a new commission to be elected tonight at the annual meeting of all those who are interested in the sport. This meeting and election of officers is to take place in the Y. M. C. A. at 6:30 o'clock. Any team who is already entered or expects to do so for play this season is entitled to two votes to be cast by the captain and manager of the team.

While we are speaking of the election of the commission it might be well to point out what we believe is a particular evil of the present system. To provide a certain continuity of progress we think it would be infinitely more satisfactory for a certain per cent of the members to go out of office each year. We suggest that the incoming commission draft a rule which would in effect cause the election of members to be carried out in the same manner as that of the United States senate.

WHILE this plan might be open to argument it would not doubt eliminate one of the most difficult problems confronting the incoming members of the board. Information which has been gathered throughout the preceding season relative to the smoother functioning of the league's business should not be lost at the opening of the next season as it is done now to a great extent when a board of new men take over the control.

This loss cannot be charged to any commission for they may be entirely unfamiliar with the workings of the organization upon their immediate entry into office. Thus, it becomes necessary to wait until the season has progressed far enough to reveal the faults of operation. This would be eliminated were two thirds of the members to retain office with one third of their number being elected each year.

WITH the passing of the present board of control, Marion recreational baseball loses one of the most efficient managing organizations in the history of the sport in this city. These men gave us, as have past commissions, their time and effort to make the game better for fans in Marion and they are deserving of all the credit which may be heaped upon them. The Star takes this opportunity to enter a vote of appreciation to the following members of the 1929 commission. We hope to see a number of you re-elected to the succeeding group.

T. M. Cunningham, Frank Gibson, W. N. Harder, F. O. Rudolph, Norris Crissinger, Leo Keller, R. G. Smallwood, Earl Smart, Ben Jones, W. D. Martin, Lloyd Meredith, William Fabian and W. D. Scranthorn.

Interest in the coming season is mounting as the deadline for entries draws closer. According to the secretary of entries, there are already a number of teams entered who have not competed in the past. Early last night a total of over 20 teams had registered officially for the year and several others had signified their intention of doing so. There is little doubt of there being enough teams to fill the four regular eight team circuits.

WALSH CHOOSES A'S TO AGAIN WIN FLAG

Philadelphia Looks Much Stronger Than Any Other Team; Second Place Is Question.

BY DAVIS J. WALSH

NEW YORK, April 3.—As for as the baseball season is concerned, the Philadelphia Athletics are a pretty interesting thing in the country to win the American league pennant in 1930. They know all the answers; the rest of them don't even know all the questions and won't until they get out there in the field and find out what they have, if anything.

It is a dictate of custom, of course, to name a world's champion to repeat the next time out but the result of the last world series shouldn't enter into this and doesn't. The Athletics were a somewhat unbalanced, upper-fact ball club then. There are no better now but that is unimportant. The main point is that they are no worse. This should not be without significance, considering the fact that they won the pennant by something like 18½ games and that nobody in the meantime has done anything to rectify the matter.

Therefore, if there is to be anything saving of a fight in the American league this year, it should develop upon those teams that are gallantly determined to finish second. I strongly suspect that the club that ultimately falls heir to this dubious honor will not be the New York Yankees, peace to their ashes. However, naming the club that will beat them is strictly another time on the old family plan.

Race for Second Place

It might be the Browns; it might be the Indians. It might be neither. Who knows? I'm not the man I used to be, and never was, so I won't attempt to tell you. All I can do is call them as I think I see them, which is something like the following:

1. Philadelphia; 2. New York; 3. Cleveland; 4. St. Louis; 5. Detroit; 6. Chicago; 7. Washington; 8. Boston.

Like the Cubs in the National league, only more so, the Athletics have the pitching and the hitting and can afford to let the rest of it run pretty much for Mrs. Swaney's husband. They have a mediocre infield, defensively, for a championship ball club. But what of it? Have the Yankees a championship infield, with the uncertain Koenig at shortstop and a recruit on third base? Have the Indians a fool-proof array with their untried combination at second base? Are the Browns above reproach in this department, and can the Tigers get by with a shortstop who wasn't good enough for the Boston Red Sox?

A's Have Faults

The Athletics are not without their faults but neither are the rest of the teams.

New Dover Cagers Are Guests at Banquet

MARBLEVILLE, April 3.—The basketball banquet was held in New Dover community in the honor of the high school cagers.

Coach Kirby spoke on cooperation and awarded letters to the following boys: James Hodges, Charles Stiner, Lester Stiner, Albert Hall, Verne Graham, Gerald Norris, Ralph Teala, Virgil Metcalf, Eugene Diehl, Pearl Taylor, Clarence Lowry and Paul McAllister.

HELD TO GRAND JURY

KENTON, April 3.—Toy Weiss of McGuffey, was held to the Hardin County grand jury by Justice W. P. Castor today, in connection with the theft of \$50 in merchandise from a cigar store here. A second youth, Ray McGuffey, also of McGuffey, pleaded not guilty when arraigned and his trial set for Saturday. Two other youths named in an alleged confession by Weiss are being sought by county officials.

BLACKSMITH PEDIGO

While not in the business of shoeing horses, this Kentucky blacksmith is going about the business of throwing some of the best grapplers in the welterweight class. Pedigo is booked to enter the main go of the Crawford card a favorite over Les Fishbaugh.

CHAMPIONS FAVORED TO AGAIN WIN TITLE IN NATIONAL RACE

Athens, Texas, Team May Capture Second Consecutive Title.

By The Associated Press

CHICAGO, April 3.—The chase for the 1930 national high school basketball championship bounded into the third lap today with the giant Hornets from Athens, Texas, strong favorites to retain the cherished crown.

Without extending themselves, the husky Texans routed the fast Lehigh, N. D., team, 35 to 11, in their first rounder thrust at the large field seeking to dethrone them. They looked every bit as good as last year when they romped through a larger and possibly a better crop of championship contenders.

There were 15 other surviving teams, however, many of them dark horses, confident of beating the Hornets parade. Chief among them was Denton, Texas, which defeated the titleholders 24 to 19, for the 1929 Long Star state title.

Eight of the 15 survivors in the championship scramble today were from Dixie and most of them were representatives of small villages. They were the Glens from Jenn, La.; Lakeland, Fla.; Savannah, Ga.; Corinth, a village of 240 population in Kentucky; Linsley Institute of Wheeling, W. Va.; Braselton, a cross-road town of about 60 in Georgia; Karamough High of Lawrenceburg, Ky.; and Durham, N. C.

M'GRAW NAMES LINEUP

By The Associated Press

NEW ORLEANS, April 3.—Manager John McGraw has just about decided on the lineup the New York Giants will use in their opening game of the regular season with the pitching berth still to be filled. In the course of discussing the Giant prospects during yesterday's rain, McGraw said he would send his team against the Braves with Johnny Mottl, center field, leading the batters, followed by Leach or Reese, left field; Lindstrom, third base; Terry, first base; Ott, right field; Jackson, shortstop; Marshall, second base; Hogan or O'Farrell, catcher.

PEDIGO IN SPOTLIGHT ON WRESTLING CARD

Kentucky Blacksmith Wrestles Fishbaugh in Main Go Friday.

BLACKSMITH PEDIGO is booked to do the strong man act this week on the Fishbaugh wrestling card in the main go of Beat Crawford's card. While Pedigo is not in the "100 Kentucky boys" mailing sheet to battle boys he is out around the country making opponents' shoulders to the padded mat.

He enjoys a good reputation in most circles, having met some of the best men in his weight. He will find Fishbaugh more than willing to go the limit in their scheduled feature match, although the cobbler will in all probability lose some of the skin from the carpenter's of his shoulder blades before the evening is over. It does not look like he was equal to the rough and tough blacksmith in ability, although the match will not lack interest.

War Eagle Back

Chief War Eagle, who is one of the best examples of clean wrestling, will match his bag of tricks against the newly turned pro, Brute Zarna, in the preliminary match. The chief will provide the spectators with the clearest exhibition of grappling which will be put on although he will not be as rough as some of the others. That is, he will not be as rough unless the party of the second part, namely Mr. Zarna, elects to rough it up. If he does, he will run into some of the roughest opposition which it is possible to go up against for the Indian does not do things in a half-hearted manner when he is roughed unnecessarily.

The preliminary scrap will again match the Marion heavyweight, Bing Flannigan, with Long Time Sleep, the LaRue Indian. Both of these men have been clamoring for a return shot at each other ever since the Indian rubbed Flannigan's shoulders on the pad the last time they met. The Marion bus driver seems to think he will be able to turn the tables on Long Time Sleep this time. Whether he can or not remains to be seen. They should at least furnish a good opener.

BABE RUTH INJURED

Mule's Antic Cause of Painful Hurt to Singers' Finger; Hit by Ball

By The Associated Press

WACO, Tex., April 3.—Babe Ruth and mule are friends no longer. The leader of the New York Yankees sluggers is suffering from a rather painful injury to a finger because he paid more attention to the antics of a mule in the field at Austin Tuesday than to where the ball was traveling. He was a bit relieved when yesterday's exhibition game here was rained out and he had a chance to rest the damaged digit.

WILL HOLD COON CHASE

The first River Valley coon chase will be held Sunday, April 13, three miles northwest of Westerville on the west side of Alum creek on the Walter Hindlin farm. The chase is to start at 10 o'clock.

BUSH GETS RESULTS

By The Associated Press

FT. WORTH, Tex., April 3.—Duke Bush, new pitcher of the ambitious Chicago White Sox, has lost some of the power of persuasive oratory. After his men had been held to three hits in eight innings by Dick Whitehurst, of the Ft. Worth Cats, Bush put down on them, and the result was six hits and eight runs, for Whitehurst's victory.

BUSH DISCIPLINES PLAYER

FOOTH WORTH, Tex., April 3.—Charging that he broke the team's Manager Duke Bush today disciplined George "Sarge" Connally by taking under Bush's new rule. Connally was told to stay away from the clubhouse and the clubhouse. He was willing to go to the Sox yesterday defeated the Ft. Worth Cats 9 to 3.

GOOSE GOSLIN SIGNS

By The Associated Press

CHATTANOOGA, Tenn., April 3.—Goose Goslin with the Chicago Sox will leave tonight for Birmingham, Ala., for a short series with the Barons. They will return Sunday, however, for a 4½ game series with the Boston Braves. In spite of a rain yesterday, things were sunny for the Senators as they signed for \$10,000 and a bonus made it possible for him to get \$18,000, which he was paid last year.

JUGGLES BATTING ORDER

By The Associated Press

MEMPHIS, Tenn., April 3.—After more than five days, Manager Kilfer of the St. Louis Browns planned several changes in his batting order for today's game with the Memphis Chickasaws of the Southern league. Kilfer planned to put "Red" Kress fourth, move down to fifth, and use Melillo instead of second, in the batting order. O'Rourke or Hale would be Melillo's place.

tion in the nursing force. Dr. Hirsch said today.

To Form Council

another recommendation of the Red Cross supervisor was that a council of nursing be appointed with representatives from each of the three interested agencies, namely the city, the county and the Red Cross. Its duty would be to select an expert in the field of nursing and to see that the nursing staff of the hospital was maintained at a high level.

Rev. George To Preach on Compassion of Christ

A Christian is a new preacher in Christ the Rev. W. Martell George of Wesley M. F. church said in response to his sermon topic last night, "What Is a Christian?"

"The process of becoming a Christian can not be found on the bargain counter. You have to go by the way of the cross and have a living, vital interest in the Redeemer's power," he said.

Tonight the Rev. Mr. George will preach on "The Compassion of Christ for a Lost World." Howard Orr will give a vocal solo.
